RESMED

Quattro™ AIR

The lighter way to better sleep

Quattro™ Air
FULL FACE MASK

Quattro™ Air for Her
FULL FACE MASK

Simple, intuitive comfort

Quattro Air has all the proven performance of Mirage Quattro, refined into a mask that is sleeker and more streamlined. Quattro Air's advanced flex-wing forehead support covers less of your forehead. The SoftEdge™ headgear is gentle on the face and causes less facial marking. And because it's designed in just four parts, Quattro Air is simple to assemble and quick to clean.

Quieter venting

The circular venting gently diffuses airflow, creating a perception of quieter performance compared to Mirage Quattro.** The vent is designed to help you—and your partner—sleep in a calm, peaceful space.

A lighter mask for better sleep

ResMed's new Quattro Air is our lightest full face mask yet. In fact, it's 45% lighter than our previous Mirage Quattro™ mask.* Quattro Air gives you less bulk on your face than most other full face masks and a clear field of vision. And a series of design enhancements makes it simpler to put together, more comfortable and easier to maintain.

*The medium size of Quattro Air is 45% lighter than the medium size of Mirage Quattro.
** Based on ResMed's Clinical Studies.

Quattro Air for Her

Quattro Air for Her has all the benefits of Quattro Air, starting from a smaller size range. It features stylish pink and grey headgear.
